

# MOTION

## Outreach & Onsite

### FORCES OF MOTION - 1ST GRADE

Explore the forces of the universe using Hot Wheels cars, stack and match magnets and a balance bar with weights.

### PHYSICS OF MOTION - 3RD GRADE

Discover how relative speed and gravitational pull affect objects using ramps and inclines!

### GRAVITY RACERS - 5TH GRADE

Learn the interplay between force and motion by designing and building your own Gravity Racers!

\$4.50/student for 1 program

+\$2 admission
