

## Skull Activity

---

A)

B)

C)

D)

Sort these skulls based on the information from our video:

Which one is a herbivore? \_\_\_\_\_

Which one is a carnivore? \_\_\_\_\_

Which ones are omnivores? \_\_\_\_\_

Can you determine which skull belongs to what animal?

1) Opossum \_\_\_\_\_

2) Deer \_\_\_\_\_

3) Coyote \_\_\_\_\_

4) Raccoon \_\_\_\_\_

All of these animal species are common in North America! Can you find any of these while exploring outside?
