

ASHEVILLE MUSEUM OF SCIENCE

10 UNDER THE STARS A DECADE OF DISCOVERY

SPONSORSHIP PACKET

On November 6, we invite you to celebrate our ten year milestone with us at
Under the Stars: A Decade of Discovery.

Under the Stars is AMOS' signature annual fundraiser, bringing together community leaders, business partners, science advocates, and friends of the museum for an evening of celebration and support. The 2026 event will feature special community guests and an inside look at AMOS' vision for the next decade!

Under the Stars sponsorship supports AMOS' mission and provides the flexible resources needed to serve our community, strengthen our programs, and prepare for the museum's next chapter.

CELEBRATE 10 YEARS HELP LAUNCH THE NEXT 10 CELEBRATE

10 UNDER THE STARS

A DECADE OF DISCOVERY

A MESSAGE FROM AMOS

For ten years, the Asheville Museum of Science has created a place where questions are encouraged, and discovery is hands-on.

This year's event will honor the people and partners who helped build AMOS while looking ahead to an exciting next chapter—one that includes expanded space, new exhibits, and more opportunities for learners across Western North Carolina.

Your sponsorship is more than support for one special evening. It is an investment in accessible science education, a strong regional workforce, and the next generation of problem solvers, innovators, and community leaders.

We hope you will join us as a 2026 Under the Stars sponsor and help launch AMOS's next decade of discovery.
